

# BEAUTIFULLY TECHNICAL™

---

Knitwear created for the unique demands of the uniform trade  
— design detailed; **technically advanced**

# PERFORMANCE IS A BIG PART OF OUR FABRIC

A label tells you what goes into a sweater. What goes behind it matters too. At Cobmex, a desire to combine style and functionality is part of the company's fabric.

Since 1998, we've manufactured knitwear used by a wide range of Corporate and Public Safety clients – retail and restaurants, police and fire, hospitality and health care, grocery and government agencies, airlines and more.

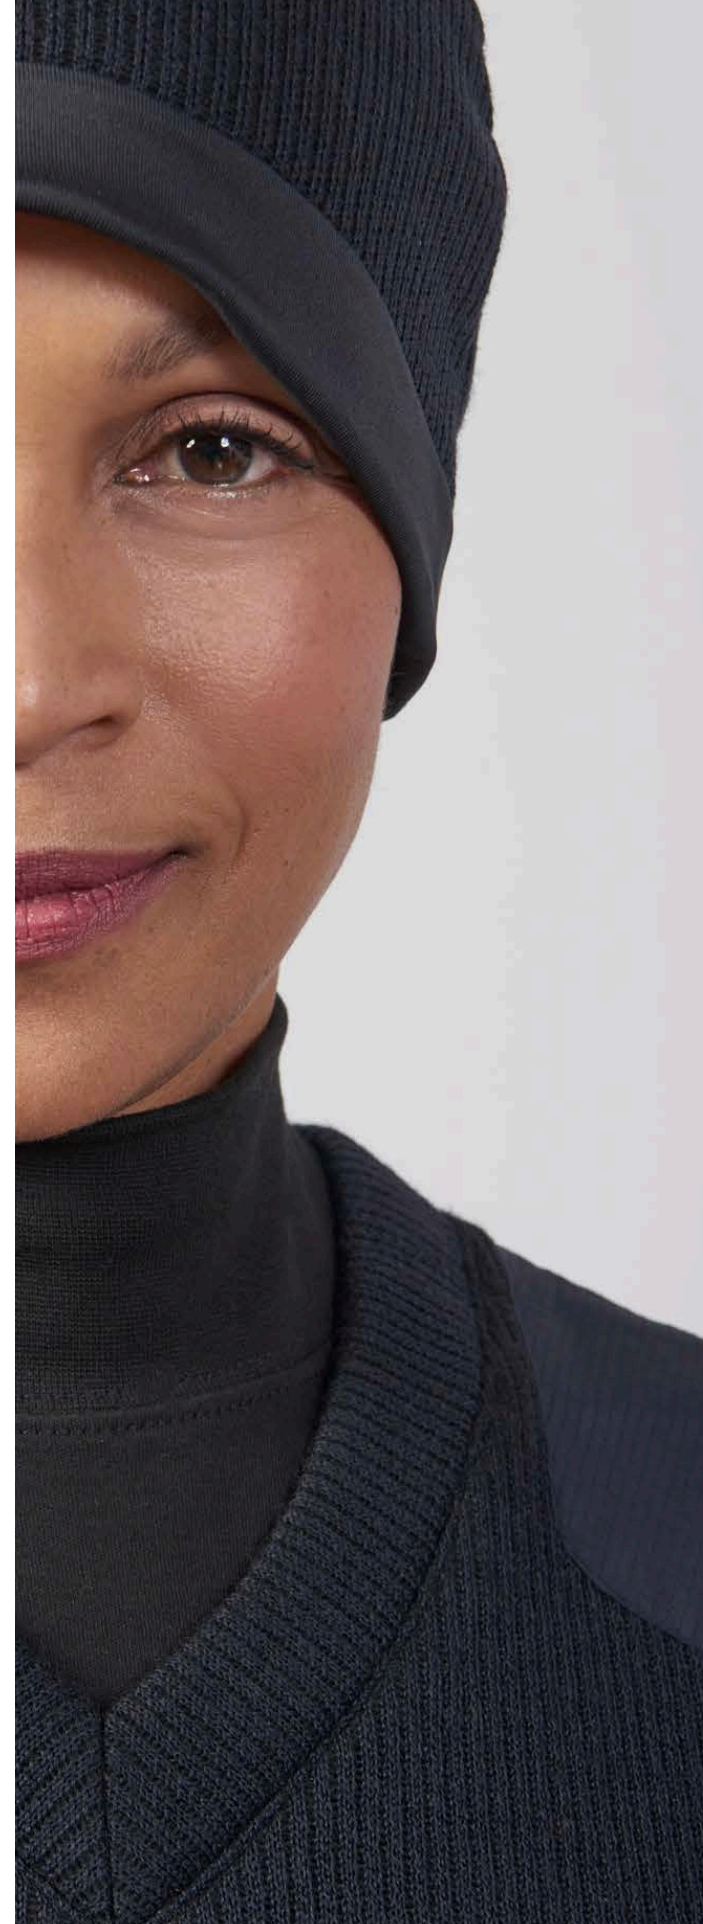

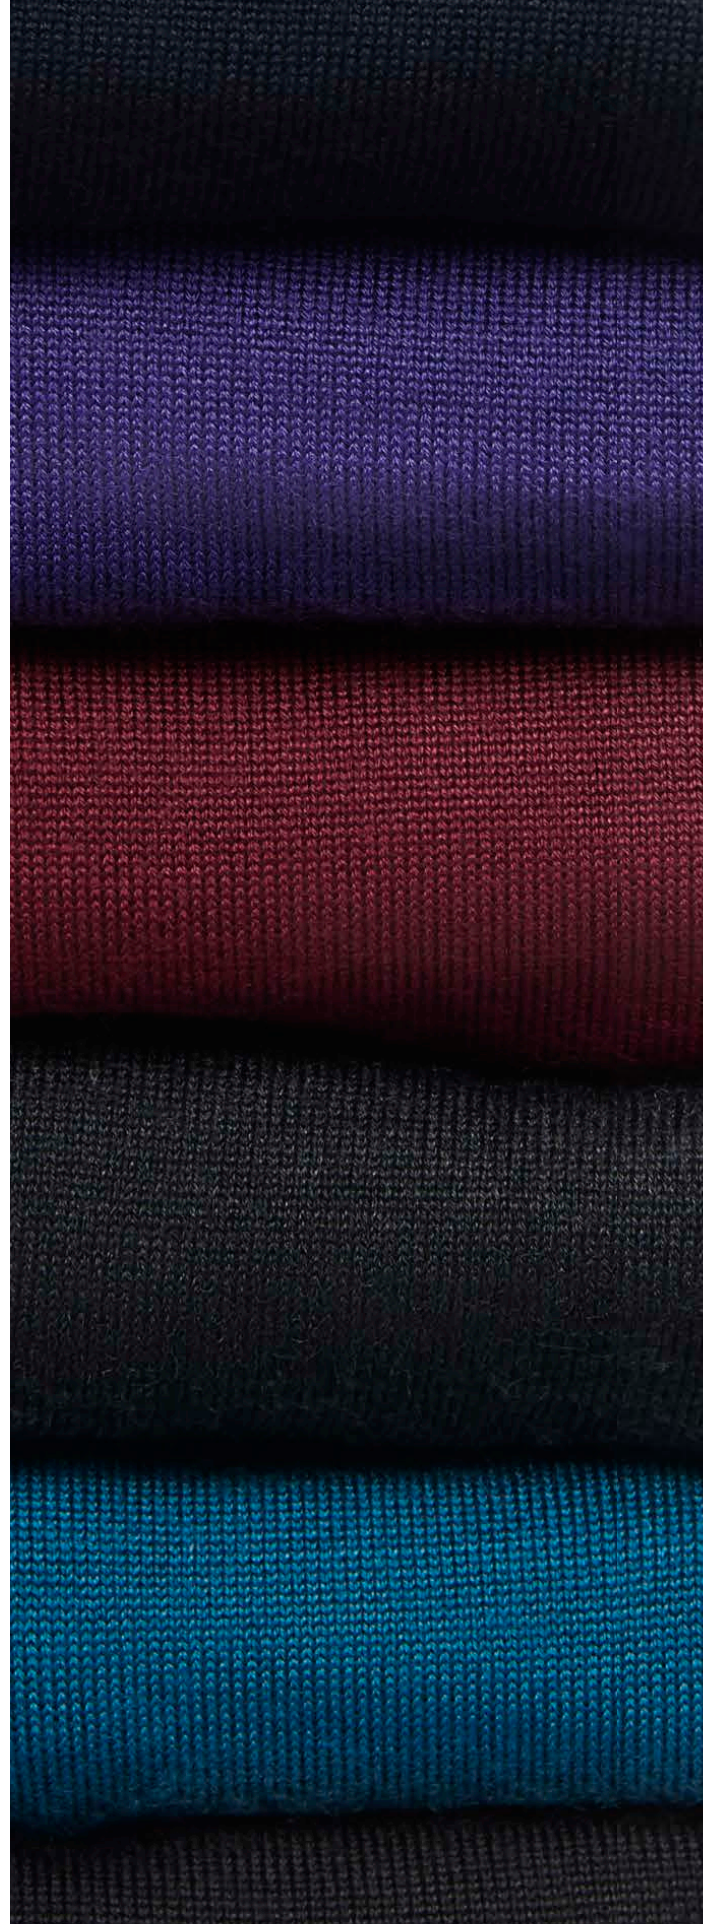

The people who wear these sweaters work hard. So does Cobmex to make them comfortable, durable, reliable and practical. With that passion, Cobmex has become a **leading supplier of quality knitwear** to the uniform trade – globally.

Style & Functionality

Respect • Integrity • Accountability • Passion • Innovation

# WHAT IS BEAUTIFULLY TECHNICAL™?

A uniform sweater is part of a corporate brand. At Cobmex, we provide style-driven designs that help build and enforce your brand image and identity. We accomplish this by combining advanced yarn and manufacturing processes with the highest quality production standards. The result? Sweaters that perform, day after day and wash after wash. People wear them with pride. Always. **We call it - Beautifully Technical™.**

# ADVANCED MATERIALS EQUAL PROVEN RESULTS

Cobmex Durapil™ and Durapil Ultra™ have been engineered by utilizing an advanced spinning process of long staple acrylic fiber. Working with the leading chemo-textile producers globally, Cobmex has developed yarn which is superior to those commonly used in the uniform trade.

Independent tests prove that Durapil™ and Durapil Ultra™ resists pilling, are soft to the touch, retain their shape and outperform other yarns for strength, durability and longevity.

**That's the Cobmex Assurance.**

**DURAPIL™**

**durapil  
ultra™**

# PROVEN PERFORMANCE IN THE WORKPLACE

Our sweaters have to work in many diverse markets. Cobmex makes knitwear to suit the demands of each unique job setting - wherever you work or play. We rigorously test every lot of yarn, so that performance is assured.

We listen to our clients and draw on their feedback regarding both function and design. We transfer that knowledge into improvements such as reinforced elbows for transit drivers, or specific yarn blends or gauges for our corporate customers.

Having a strong supply chain means we can readily meet any and every requirement. For any use - **Cobmex has the solution.**

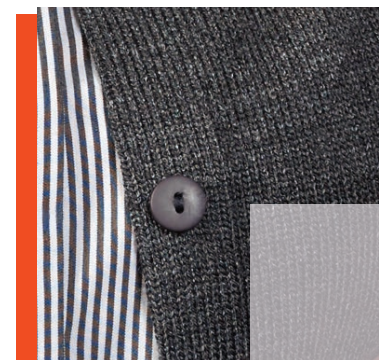

## STYLE-SAVVY DESIGN THAT REALLY WORKS

In the uniform trade, designs have to perform for the customer whether custom-tailored or off-the-shelf. Our bespoke programs are created by our dedicated, experienced and passionate in-house design team. Inspired by market trends, we ensure a balance between form and function. Delivering a comfortable and practical design, we ensure that all elements elevate our clients brand identity.

Catering to our customers everyday needs, we offer an extensive stock catalog range - available 24/7. This collection represents a wide range of Beautifully Technical™ styles, sizes and colors that serve both our Public Safety and Corporate customer base. Cobmex consistently delivers an unparalleled final product with **designs that work.**

# CUSTOM

As a leading global private-label manufacturer, Cobmex understands the need for quality, consistency, flexible minimums and quick turnaround times. Our expert sourcing and design teams can meet almost any custom requirement to ensure your program's integrity.

Providing decades of technical experience and a deep understanding of manufacturing intricacies, Cobmex can execute any program to successfully meet and **exceed your customers' expectations.**

In our world, one size does not fit all and we recognize that the people we serve have diverse needs. Cobmex makes it a priority to truly understand these requirements and offer a custom-fit solution. Our dealers and their end users are not just clients; they're **our partners.**

OEKO-TEX®  
CONFIDENCE IN TEXTILES  
**STANDARD 100**  
VC020 159714 TESTEX  
Tested for harmful substances.  
[www.oeko-tex.com/standard100](http://www.oeko-tex.com/standard100)

STANDARD 100 by OEKO-TEX® is one of the world's best-known labels for textiles tested for harmful substances. It stands for customer confidence and high product safety. In order to establish STANDARD 100 by OEKO-TEX® certification, every component of the article, i.e. the yarn, thread, button and findings, have been tested for harmful substances ensuring that the resulting product will be harmless from a human ecological perspective.
